

## *Butterflies are Free*

*April 2008*

**Background**    *13" square cream on cream (trim to 12 ½" later).*

**Butterfly wings**    *Use any colorful fabric appropriate for the theme.*

**Butterfly body**    *Black*

- Trace and cut out templates for the butterfly, adding ¼" seam allowance; cut the wings as a single unit. (If machine appliqueing, don't add seam allowance.)
- Center the design on the background fabric, applique the wings first, then the black body center.
- Embroider feelers and wing divisions using black floss or quilting thread.
