

July Block of the Month

Stars on Stripes

- 12.5" sq. white for background
- blue batik for stripes
- gold or red batik for star
- fusible web

Trace pattern pieces on fusible web (remember to trace them backwards) place the arrow marked on the star in the up position.

For top and bottom stripes: cut 2 rectangles from stripe fabric about 3" x 12.5". Trace the bottom of the stripe pattern on one and the top on the other, close to the edge. (each piece will have one straight edge)

Fuse the stripes in place as per the picture and buttonhole stitch the edges before applying and fusing the star.
