

Grandmother's Fan

This is a quick and easy block to make. There are only 6 pieces . Pick 5 different Bali fabrics for the fan and chose a complimentary Bali fabric for the base of the fan. Chose a contrasting fabric for the background.

Cut the background fabric 13". The block will be squared to 12 1/2" after appliquéing the fan.

There are several ways that you can make the fan. We have included 2. If you have another way that you would like to do it, go for it.

Method one: Cut out 5 fan pieces. Fold fan lengthwise and sew across the top edge. Turn right side out and press. This will make a pointed fan. Sew the 5 fan pieces together along the long side and appliqué to background.

Method two: Cut out 5 fan pieces and sew together along side. Turn under 1/4" along top edge and sew to background.

Applique the fan down onto the background, using your favorite method. (Such as, blanket stitch, Satin Stitch, Hand stitch)
