# Design For Patriotism from 2001/2002

Jean Conway 447-1652

To begin the year of blocks with a patriotic theme, the block, A Design for Patriotism, was chosen. Because the block is somewhat intricate, we decided to use only two fabrics. For the light fabric, use a cream color to coordinate with a patriotic print.

*\* use your choice of fabrics*

For two blocks:
