

Clamshell Quilt Guild Challenge 2017– Music of the Sixties

Chairpersons – Kathy Wright and Pat Cosgrove

Music can evoke powerful emotions and memories of our youth, early romances, and passions. Where were you in the 60's? Did you and your sweetheart have that special song? For those of you in the younger generations, what 60's music can you relate to?

The rules are simple. Make a quilt inspired by a song from the 60's. More than one person can choose the same song. The perimeter of the quilt must be between 48" (12" x 12") to 80" (20" x 20"). The quilt should consist of 3 layers, have some quilting or be tied, and have a finished edge. Registration for the challenge will take place during the guild meetings in September through December. The challenge quilts will be judged by members during the January meeting.

The sixties were a wild and crazy time of idealism, youthful rebellion, freedom, and fantastic music. Please participate in the Music of the Sixties Challenge. Let's share those memories and most importantly, have fun!
