

OCTOBER

AMISH DIAMONDS

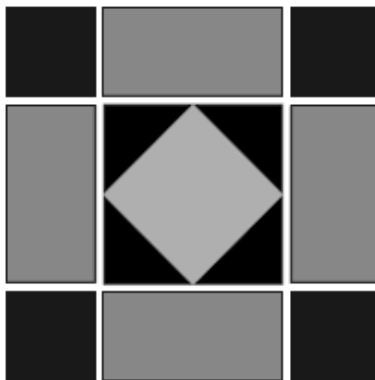

Color A Bright solid (1) 6 ½" square
(4) 3 ½" x 6 ½" rectangles

Color B Black solid (8) 3 ½" squares
(mark 4 of these on the diagonal)

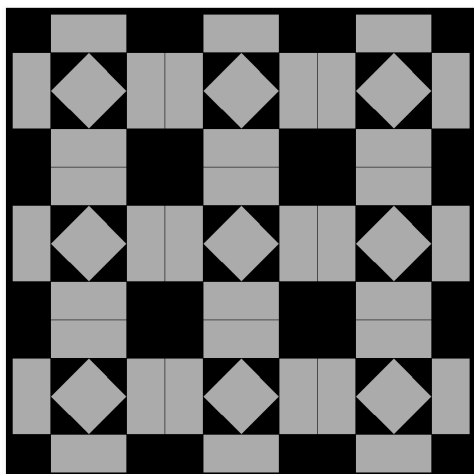

Place a black 3 ½" square, right sides together, lined up with the upper left corner of the bright solid 6 ½" square. Mark the diagonal and sew in the direction shown. Trim off excess seam allowance and press the remainder

towards the center square corner. Now sew another 3 ½" black square to the opposing corner in the same way, and then to the two adjacent corners. Square to 6 ½".

Piece the block as shown. Make rows first and then join rows to make the block. Alternate pressing directions to avoid bulky seams!

Square block to 12 ½" (12" finished block).

This quilt was made using nine blocks set in a 3 x 3 grid. The finished size is 36" x 36".
