

July 2022-2023

Summertime – 12 ½"

Scrappy colors: 18 x 2 ½" squares from a variety of fabric colors

Navy blue: 8 x 3 ½" squares

Light yellow: 2 x 6 ½" squares

- 1) Using the scrappy 2 ½" squares make TWO nine-patch blocks. The two 9-patches squares should measure 6 ½" when done.
- 2) Draw a diagonal line on the wrong side of each of the 8 dark blue 3 ½" squares. This is a sewing line. Place a marked square on top of a corner of one of the 6 ½" yellow squares, right sides together. Sew on the marked line. Trim excess and press to the corner. Repeat on each corner of each yellow square, pressing each time. Repeat the process on the second yellow square with remaining 3 ½" blue squares. Each unit should measure 6 ½".
- 3) Piece the 4 blocks together as pictured. Press.
